DETAILED ACTION

This application is in condition for allowance except for the following formal matters:
In the response filed 1/25/2008, applicants disclaim priority to parent application number 08/971438, filed 11/17/97. In view of this disclaimer, the specification is objected to because the continuing information must be updated appropriately. Correction is required.

Reasons for Allowance

In the course of searching the case for the previous Office Action, the Examiner found it not to be burdensome to search species wherein one moiety has agonist activity and the other antagonist activity. Such was indicated in the objection to claim 27. In view of this, applicants have amended the claims to limit them to the species deemed allowable. This includes previously withdrawn claim 26, which is hereby rejoined and allowed.

Conclusion

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
